WORK EXPERIENCE

OPERATIONS ANALYST INTERN – SMGESPORTS

I Used to Host Events and Check All the Production-Based Software, Testing the Software and Enhancing the Performance Along with Production Team and Quality Control Team in SMG

Checking The Quality of The Graphic Design and Video and Other Tools We Used and Managing the Players in The Community

PROJECTS

PORTFOLIO

A Portfolio Website Displaying My Career Achievement, Skills, Project, Certifications. Using HTML, CSS. Link for Portfolio: [PraveenKumar-15](#)

LANE LINE DETECTION

Developed a Lane Line Detection to Identify the Lane Markings on The Road. I Used Python and OpenCV to Detect Lane Line on the Road. This System Analyses Images or Video Frames Captured from a Camera and Identifies the Lane Markings on The Road. Involves Steps Like Reprocessing Edge Detection.

E- COMMERCE

A Responsive E-commerce Website. Implementing Using HTML and CSS. Ensuring That the Website Is User-Friendly and Visually Appealing on All Devices Keeping Up with The Current Trend of Mobile Shopping.

FACE RECOGNITION A.I

Developed a Face Recognition Attendance System to Detect and Recognize Faces. Using Python and OpenCV. Increased Efficiency in Tracking Employee Attendance by Accurately Verifying their Identity Through Facial Recognition Technology.
